Sponge Bob

Uni Filter products are specifically designed for Australian conditions and cover a variety of 2008 models. They now include a single-stage filter for the Kawasaki VN1600, two-stage filters for the Kawasaki KLX450R ATV, Polaris Outlaw ATV and the BMW G 650 X. There is also a single-stage pre-filter to suit the BMW G 650 X that replaces the existing airbox cover, complete with hardware.

NO HANDS

Riding a bike is an expression of freedom and there is nothing like hitting the road and not stopping 'til you need fuel. And that is why tolls can be a real pain in the ride. To combat this John Sample Group created the TollRider. It is a pouch designed to fit the new, smaller E-tags recently introduced for motorcyclists that can be fitted in two ways. You get a water-resistant pouch with a very strong magnet hidden inside, making it as simple as sticking it to your tank. The pouch has been tested on track at high speeds, so it won't blow off. The TollRider also comes with a handlebar mounting kit offering a set of sleeves to ensure a snug fit to most 'bar diameters and you simply attach it to the bracket with the magnet. I've been using the pouch for a month now and feel like I have finally found a system that works. DDR

Simplified spaghetti

Kojaycat in Scotland is producing A3-size laminated colour wiring diagrams for '60s Triumphant, Honda Hondas and through to present-day bikes. The diagrams are simplified to make them easier to understand with pictures, icons and clear lines. They currently have more than 460 diagrams available and are adding more every day.

Classy casco

The AGV Stealth helmet has a new aerodynamically shaped shell made from ACF (advanced composite fibres). It comes with chin and forehead vents plus a hot air extractor on the top and the liner is removable along with the cheekpads. The quick-release visor is made from 2mm anti-scratch, anti-fog polycarbonate. Fastening is via double D-rings and it comes with a breath guard.

COST: Graphics \$399.00, Solid \$379.00 **SIZES:** XS-XXL **COLOURS:** Graphics: Arabesque, Dragon, St Andrew and St George. Solid: gloss black, matt black
